REMARKS

Claims 1 to 14 are presently pending in this application. Claims 1, 2, 5 and 6 have been amended merely in order to insert the relevant sequence I.D. numbers. The amendments to the specification also merely supply sequence identifiers for nucleotide and/or amino acid disclosures in the specification.

Furthermore, enclosed herewith is a Sequence Listing. This Sequence Listing includes no new materials, but rather is merely being provided in order to conform with the requirements of 37 C.F.R. §§ 1.821-1.825.

If the Examiner has any questions or comments they are respectfully requested to contact the undersigned at (206) 622-4900.

Respectfully submitted,
